SANTA

ANY REINDEER NAME

"Let it snow."

"Ho, Ho, Ho"

"I'll pull *SANTA*'s Sleigh"

One *CHRISTMAS*___ Eve the weather was horrible. The snowstorm was so bad *SANTA*___ could not see past the front of his cherry nose. What was *SANTA*___ to do? He asked all of his reindeer for helpful ideas.

*DASHER*___ told *SANTA*___ he could try to fly extra fast. This would create static energy, which would light up the sky. Unfortunately, even though *DASHER*___ could dash very fast, it wasn't fast enough.

*DANCER*___ and *PRANCER*___ found some *CHRISTMAS*___ tree lights to tie to the sleigh, but as soon as *SANTA*___ and the reindeer were 100 feet off the ground the cord came unplugged and they were in the dark again.

*RUDOLPH*___ who usually saved the day with his bright shiny nose had finally gotten over his cold and now had a regular black one like all the other reindeer.

*VIXEN*___ and *BLITZEN*___ gathered up some tinsel that sparkled. *CUPID*___ and *DONNER*___ who thought it was hay, ate it for a late night snack.

*COMET*___ decided to shine the chrome on *SANTA'S*___ sleigh. It shone so brightly *SANTA*___ could see for miles. Everyone had a great *CHRISTMAS*___ that year thanks to *COMET*___ and some elbow grease.
